A small area of thunderstorms may bring some disruption over parts of southwest Scotland

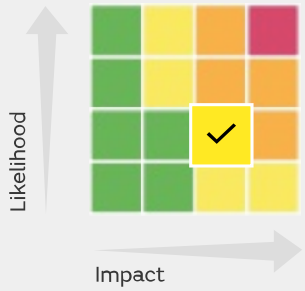
What to expect

- Flooding of homes and businesses could happen quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- Some communities might become cut off if roads flood
- Power cuts might occur and other services to some homes and businesses could be lost

Further details

A small area of thunderstorms is moving northwest across populated areas of southwest Scotland including the wider Glasgow area.

20-30 mm of rain is possible in less than an hour along with lightning and some possible hail.



Low likelihood of medium impacts
